

Who We Are

We are an award-winning, full-service community bank supporting individuals, families, and businesses at every stage of their financial journey. With offices across Northern New England, we offer competitive financial products and services delivered by a talented team and complemented by the latest in digital banking to empower you to bank the way you want. Founded in 1875, we're passionate about making a difference in people's lives so that together, we can thrive in a vibrant, prosperous community for all.

Why Us

You can expect incredible service delivered by smart and friendly financial experts who live and work right here in your community. We listen to what our customers need so we can provide guidance, stability, and the best banking experience possible—whether you choose to bank online, in-person, or by phone.

What We Deliver

Your financial needs grow and change along with everything else in life. We're here for that. From family accounts to startup business financing, from first mortgages to complex commercial loan assistance—we have a wealth of expertise that's easy to access. We can also help you grow and preserve your money, potentially transition your wealth, and even talk about retirement or business succession planning when the time is right. Our team will partner with you on both your day-to-day banking and longer-term financial goals and strategy.
